Cross-Industry Value: Contract Management System

Partner Solution Awards

Monitoring contract performance can be difficult at an enterprise scale. WNS-Vuram's TrustHall is an easy-to-deploy, AI-powered solution built with the latest Appian capabilities.

The user-friendly contract modules make it possible for businesses to enjoy significant time-savings and growth.

60-90% of business transactions are generated by contracts. Enterprises managing a large number of contracts are under constant pressure to mitigate contract risks, enhance regulatory compliance, achieve faster authoring, negotiation and sign-off cycle times.

Enterprise challenges and Business Impact

9%

of loss in business revenues annually due to poor contract management

\$153B

Missed savings per year due to ineffective contract management

12%

of annual costs committed to contract management and admin tasks

Source : The Global Contract Management Association , Aberdeen group, PWC

56%

of contract negotiators complain that much of their time is spent battling over compliance with the template.

40%

of companies could measure the investment value of contract management.

Why WNS-Vuram's TrustHall?

WNS-Vuram's TrustHall streamlines and automates the entire contract lifecycle lifecycle.

With our Intelligent Contract Management System, enterprises can have

Increased visibility of contracts and performance

Shorter cycle time and quick payments

Fully automated, error-free contract management

Compliance with regulations

Comprehensive operational insights

Key features

CONTRACT TEMPLATE MANAGEMENT

Standardized contract templates for faster authoring

WELL-ORGANIZED CLAUSE LIBRARY

Speedy & uniform drafting for minimizing overall errors

CENTRALIZED DOCUMENT STORAGE

Improved traceability, compliance, better control & visibility

CLASSIFY, DIGITIZE & EXTRACT

Improved visibility and reduced risks with AI-enabled contract data digitization & extraction

SECURED, SEARCHABLE REPOSITORY

Locate contracts better and faster with meta data and text search

BULK CREATION OF CONTRACTS

Reduce manual work by creating contracts and contracting parties in bulk

CONFIGURE DELEGATION RULES

Reroute all your tasks to another delegate for a specified period in case of absence

CONTRACT RENEWALS

Renew contracts either manually or automatically. Easily configure contract extension dates.

MULTIPLE CURRENCIES

Create contracts with different currency types. You can also add and manage currency values.

CUSTOM CONTRACT FIELDS

Add different field types such as paragraph, number, decimal, date and time, and boolean to contracts

Key features

RECURRING NOTIFICATIONS

Repeated notifications ensure that you perform the required key actions on the contract like renewals, payments etc.

AI-POWERED CLAUSE CREATION

Generative AI helps create clauses easily with the input texts

UNIFIED DASHBOARD

Add and manage all documents and files related to the contracting party in a centralized location

USER ACCESS CONTROL

Set department-level user access to view and take actions on the contracts

CONFIGURABLE CHOICES

Based on business context and use case, add and manage your own choice of obligation types through Admin action

CALENDAR VIEW

Track your obligations, contract renewals, and other notifications through on-screen calendar alerts

CONTRACT OWNERSHIP

Users can delegate contract ownership from within the same department

CONFIGURABLE WORKFLOW

Configure the SLA/TAT/deadline for workflow approval steps. On SLA breach, the escalation email will be sent to the department admin

INTEGRATION

Import vendor details seamless through out-of-box integration capability

Reports

Easy governance across the contracts via insightful KPIs and metrics

WNS-Vuram's TrustHall Benefits
