AppEzy

Delivering 100% success and top customer value since 2011

Create CUSTOM APPS instantly
AppEzy makes it effortless for business users to instantly build and run ad-hoc applications for various requirements without requiring extensive time, code or effort. Configure workflows, create forms, define user-level actions, collaborate, approve, and deploy applications rapidly.

Why Vuram’s AppEzy?

A smart, intuitive and scalable app-building platform can make all the difference.

Vuram’s AppEzy empowers business users with the capability of building functional applications in short time frames.

- Build custom apps easily
- Fast turnaround time
- Minimizes effort in creating apps
- Does not require coding knowledge
- Eliminates dependency on external IT teams

Enterprise challenges

Enterprises managing hundreds of processes and functions find it challenging to digitize their operations due to the extent of time and resources required in developing custom apps.

72% of Business needs new apps developed for their needs as fast as possible

82% want custom app development outside of their IT department's bandwidth

## KEY FEATURES

<table>
<thead>
<tr>
<th>Feature</th>
<th>Description</th>
</tr>
</thead>
<tbody>
<tr>
<td><strong>Configurable forms</strong></td>
<td>Effortlessly create custom forms with multi-field types &amp; conditional logic for faster app building</td>
</tr>
<tr>
<td><strong>Dynamic workflow</strong></td>
<td>Easily build flexible flows with configurable business rules &amp; permission preferences enabling form submissions into approval steps</td>
</tr>
<tr>
<td><strong>Customizable Actions</strong></td>
<td>Enhance security and performance by creating automated triggers on workflow tasks enabling user-defined activities</td>
</tr>
<tr>
<td><strong>Seamless Collaboration</strong></td>
<td>Enable seamless communication on the go among users by asking questions &amp; tagging one another with Flexi-response options</td>
</tr>
<tr>
<td><strong>Intuitive Dashboard</strong></td>
<td>Easily keep a track of progress by quickly navigating statuses using key reports ensuring faster and better decision making</td>
</tr>
<tr>
<td><strong>Activity log</strong></td>
<td>Quickly take control of user management and foster better compliance with audit history and activity summary</td>
</tr>
<tr>
<td><strong>Compatibility &amp; Scalability</strong></td>
<td>Ensure completion of tasks on the fly with multiple-device compatibility, scalability, and fluid admin actions</td>
</tr>
</tbody>
</table>
How is Vuram’s AppEzy different?

Faster
Build applications, using dynamic form building capabilities, ten times faster compared to the traditional approach.

Superior Task management
Controls the creation and distribution of tasks with deadlines to approvers within the workflow.

Scalability
The application can be integrated with any third-party or existing systems in place and scaled up as required.

No Code
Cloud-based user-friendly platform that empowers business users with no coding skills to automate workflows & processes.

Multifunctional
Create and manage pre-built applications for a variety of use cases such as expense reimbursement, purchase requests etc.

Flexibility
Easily adapt to your existing business processes to enhance and optimize workflows.

Lower turn around time and resource costs by 25%
Intelligent, rules-driven workflow with dynamic forms, ensures faster cycle times for business processes

Increase productivity by 50%
The intuitive and easy-to-use interface offers “few-click” access for users thereby improving the experience

Improvise customer retention and brand image by 50%
Companies that adopt an application-centric approach to streamline their processes are benefitted
