

Survey Monkey Connected System:

Manage survey monkey services with Appian!

Users can access this for a few services (listed below) directly from an Appian interface. The correct API access URL and access token for each SurveyMonkey account is returned in the expected response.

ref : Survey monkey API documentation URL mentioned below.

<https://developer.surveymonkey.com/api/v3/>

Survey Monkey base URL:<https://api.surveymonkey.net/v3/>
